If you exchange for a Yumi e-voucher without return documents, the value of the e-voucher will be given to the equivalent of the price of the current items on Image is not available forColour: I've bought from this brand before, their clothes are always of a good standard, but this was the first time i.e. ordering from their website. I was very impressed with the speed of delivery - ordered Monday night, was here Wednesday morning, and that was on standard delivery. He'll definitely order from Yumi again. :) To use this feature subscribe to Mumsnet Premium – get access to new features first, see fewer ads, and accept Mumsnet. They look great on the JL site, but are a new (for me) brand & seem almost too cheap to be any good. Thoughts, please? Op's posts: | Oldraver Sat 19-May-18 20:29:52 I have two ... one a knitted dress and this. Both are a wonderful fit, buttercup one is lined. I don't like showing some of the most floating. look pretty synthetic ottertheotter Sat 19-May-18 20:36:45 I have a few and I think they are quality trash. Small and poorly made size. Wouldn't buy the brand again TBH. lurkingfromhome Saturday 19-May-18 21:48:42 I bought a Yumi blazer recently and it was so badly done it went straight back. The collar was not sewn properly, so everything was on one side and down to the other, and the capsule at the front was completely unaligned. I don't think their things are good, unfortunately. Tumsnet Sat 19-May-18 22:07:35 Too much polyester and some are lined with awful polyester stretchy, which creates a lot of static. Really cut badly, too short for anyone over 5ft3. I'd say ASOS quality and cut is better. legoqueen Saturday 19-May-18 22:58:13 Oh dear, very glad I asked ... Thanks for the feedback. Op's posts: | SoLongAndThanksForAllTheChips Sat 19-May-18 23:00:22 I was going to say that dresses are short on me too (and I'm 5'7). I bought one and I never wore it because I wasn't brave enough to wear anything so short. NotAREgularPenguin Saturday 19-May-18 23:01:38 Expensive for what they are. Polyester, not of high quality. It should be 20 quid cheaper a dress. Wingbing Sun 20-May-18 08:13:45 I have this. Skirt comes out too much as the fabric is too stiff Join the discussion To comment on this thread you need to create a Mumsnet account. Join Mumsnet already have a Mumsnet account? Log in Sort by: Latest Latest Highest Rated Filter: None 5 4 Stars 3 Stars 2 Stars 1 Useful Stars I've returned a dress on 13/6/20, it's now 5/7/20 and I still haven't received a refund. They said that returned items stay in storage for 7-10 days, it's well over 10 days now! Don't buy from these rogues. Shocking service. Ordered around £350 clothes waited 10 days before the random courier decided to return the items to Yumi. I asked this and it was said that you could not deliver items, which is a complete lie, so it was at a 24/7 business address and zero attempts were made. After keeping my money all this time, Yumi are now refusing to ship the items, so I get what I ordered, because we'll get a lot of returns and can't reship. I didn't return the items, they didn't deliver them! And he'll only return me when the courier decides to send the items back. Very bad service. It makes it almost impossible to return anything. The customer who never responds if they do, they don't get back in touch when they say they're too busy. Be very careful or, in fact, avoid at all costs! The quality of the clothes is also not worth the price. They are fraudsters and do not include the initial prices of the goods, even if you add a disccount to your order, because they hide the real price, which is not low price of goods. I think yumi and the team is are the biggest thieves to happen in the retail market! Shipped on a Sunday! And a great price for wonderful clothes. Thanks! I ordered three dresses. It was said one was out of stock and eventually (after chasing) was repaid. A dress was delivered. Asked where the other was, said this was also out of stock again after some chasing, I was reimbursed. I'm not impressed with the dress I got... but I just can't handle opening a return request. Poor everywhere. This will give you the most accurate measurement for a women's dress or other item of women's clothing who's going to buy. And don't pull the tape too tight. Measure around the most complete part of the bust and over the shoulder blades of the back. When measuring the bust for women's underwear and swimwear, follow the bra measurement instructions. Measure at natural waist, just above the hip bone. Remember - women's fashion women will have a larger measuring waist because they are low growth and do not sit on the natural waist. Measures around the most complete part of the hips. As an orientation this is often 20cm below your natural waistline. Measure from the natural waist line in a straight line. Measure from the rear centre neck in a straight line. Measure from the top of the inner foot to the floor. Floor.
